

Teflon (PTFE) Products

BestRings provides a wide range of PTFE products such as Gaskets, Envelope Gaskets, Sheets, Bellows, Bushes, O Rings, Cups, Rods, scrapers.

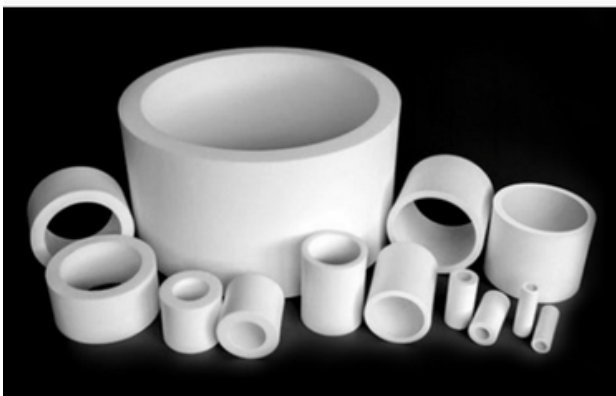

PTFE ENVELOPE GASKETS

PTFE envelope gaskets provide excellent, hassle-free installations and are designed to custom-made details for your industrial needs and is available in an array of sizes.

PTFE O RINGS

PTFE is a very popular material for O Rings. It is applicable in environments which require chemical resistance and non-compressible material.

PTFE AND TEFLON BUSH

PTFE and Teflon bush are manufactured in a wide range of sizes. All the cylinders are etched for bonding.

PTFE SHEETS

PTFE is a self-lubricating material that provides a low friction coefficient and is ideally suited for the manufacture of corrosion-resistant gaskets and seals.

Teflon (PTFE) Products

BestRings provides a wide range of PTFE products such as Gaskets, Envelope Gaskets, Sheets, Bellows, Bushes, O Rings, Cups, Rods, scrapers.

PTFE GASKETS

PTFE can be modified for use as a gasketing material with strong chemical resistance properties such as high flexural strength and high electrical resistance.

PTFE BELLOWS

PTFE Bellows are specially designed and is contour moulded. This manufacturing method guarantees an excellent structure of the material.

PTFE RODS

PTFE Rods are ideally suited for the manufacture of corrosion-resistant gaskets and seals.

PTFE CUPS

PTFE Cups are high corrosion resistance and it is useful in laboratory environments.
